## Business impact if Risks Materialize

Ever evolving risks can severely impact every element of the business.

## Business Resilience: Good Practices for Managing Threats

- Be pro-active - not reactive.
- Formalized processes and plans.
- Communications strategies - External and internal.
- Training and awareness.
- Overall response structure - corporate to site.
- Alignment and linkages between programs, plans, teams.
- Ongoing collaboration with external stakeholders.
- Drills and exercises.

## Benefits of Effective Crisis Management

## Why Crisis Management?

By mitigating potential risks, organizations can reduce costs and build resilience for sustainable growth. However, failures can arise unexpectedly and cause serious consequences, therefore organizations should develop a crisis management plan in order to pro-actively manage the challenge. Should a crisis occur, you should have:

- Complete understanding of the structure, roles and responsibilities of your response.
- Senior management prepared to make decisions and act responsibly.
- Confidence that the crisis management teams and procedures are tested and therefore robust and fit for purpose.
- Reputational impact minimized.

## Transforming a Catastrophe Incident into an Opportunity

Marsh Risk Consulting has the solution for your organization, which is aligned with KSA Vision 2020 and leading standards:
