

# CAPE TOWN ENERGY TRAINING COURSE

## THE ENERGY INSURANCE AND RISK MANAGEMENT COURSE – INTERMEDIATE LEVEL

### THE COURSE

This intermediate level course provides delegates with a broad understanding of energy insurance and how it is placed in the insurance market. As well as exploring the risk management aspect of the energy industry, delegates gain a broader understanding of the subject within their present role.

### BENEFITS

Delegates are able to develop knowledge of:

- The different types of energy insurance programmes.
- How to produce an energy insurance programmes.
- How a liability policy dovetails with such programmes.
- Business interruption/advance loss of profits.
- The claims handling process.

### SPEAKERS

The speakers consist of energy insurance specialists from Marsh’s Energy Practice and sister companies, in addition to specialist external speakers, usually including a risk

manager, underwriter, and loss adjuster. The course is delivered through formal presentations, workshops and case studies. Social events held during this course will provide an opportunity to network with energy insurance specialists.

### SUITABILITY

This intensive course is particularly suitable for individuals who have recently started a career in energy insurance and who require a broader knowledge of all aspects of the industry. Delegates should ideally have completed their CII Certificate in Insurance or already have a good understanding of the principles of insurance.

### STRUCTURE AND ASSESSMENT

On the final day of the course, teams are asked to deliver their findings from a risk management case study run throughout the week. This case study encourages delegates to use the knowledge they have gained over the previous four days to detail the risk management considerations a broker would factor into an insurance programme. This team-based project will be assessed on a 15 minute presentation.
