

# LONDON POWER TRAINING COURSE

## THE POWER INSURANCE AND RISK MANAGEMENT COURSE INTERMEDIATE LEVEL

### THE COURSE

This intermediate level course provides delegates with a broad understanding of power insurance and how it is placed in the insurance market. As well as exploring the risk management aspect of the power industry, delegates gain a broader understanding of the subject within their present role. Topics covered include risk identification and evaluation, risk engineering, construction, business interruption, and claims handling.

### BENEFITS

Delegates are able to:

- Develop an understanding of risk identification and mitigation in the power sector.
- Develop knowledge of the different types of power insurance.
- Gain an understanding of claims handling process.

### SUITABILITY

This intensive course is particularly suitable for individuals who have recently started a career in insurance and who require a broader knowledge of all aspects of the power insurance industry. Delegates should ideally have completed their CII Certificate in Insurance or already have a good understanding of the principles of insurance.

### STRUCTURE AND ASSESSMENT

The course is delivered through formal presentations, workshops, and case studies.

Location	London
Duration	Three days
Fee	£1,500 +VAT
Dates	23-25 October 2017
