

SINGAPORE ENERGY TRAINING COURSE

THE ENERGY INSURANCE AND RISK MANAGEMENT COURSE – INTERMEDIATE LEVEL

THE COURSE

This intermediate level course provides delegates with a broad understanding of energy insurance and how it is placed in the insurance market. As well as exploring the risk management aspect of the energy industry, delegates gain a broader understanding of the subject within their present role.

BENEFITS

Delegates are able to:

- Develop knowledge of the different types of energy insurance programmes.
- Learn how a liability policy dovetails with such programmes.
- Gain an understanding of business interruption/advance loss of profits.
- Learn how to produce energy insurance programmes.
- Develop knowledge of the claims handling process.

SPEAKERS

The speakers consist of energy insurance specialists from Marsh's Energy Practice and sister companies, in addition to specialist external speakers, usually including an underwriter and a loss adjuster. The course is delivered through formal presentations, workshops and case studies. Social events held during this course will provide an opportunity to network with energy insurance specialists.

SUITABILITY

This intensive course is particularly suitable for individuals who have recently started a career in energy insurance and who require a broader knowledge of all aspects of the industry. Delegates should ideally already have a good understanding of the principles of insurance.

STRUCTURE AND ASSESSMENT

The course is comprised of a variety of case studies and individual exercises and culminates with delegates taking an energy knowledge assessment paper.
