MMC TREASURY HOLDINGS (UK) LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2020

INTRODUCTION

The directors present their Strategic Report and audited financial statements of MMC Treasury Holdings (UK) Limited ('the Company') for year ended 31 December 2020. The Company's registration number is 09787086.

PRINCIPAL ACTIVITY AND BUSINESS REVIEW

The Company provides certain treasury functions on behalf of Marsh & McLennan Companies, Inc., enables foreign exchange management for the group, and acts as an intermediate holding company of a group of companies engaged primarily in insurance broking, reinsurance broking and employee benefits across key territories of Australia, Canada, and the UK.

It is anticipated that the activities of the Company will continue along similar lines in the future.

The Company's key financial and other performance indicators during the year were as follows:

	2020 \$m	2019 \$m	Movement \$m	Movement %
Dividend income	1,026.9	609.5	417.4	68.5
Amounts written off investments	(863.4)	(29.9)	(833.5)	(2,787.6)
Interest receivable and similar income	0.2	9.8	(9.6)	(98.0)
Interest payable and similar expenses	(355.5)	(334.0)	(21.5)	(6.4)
(Loss)/profit before tax	(191.9)	255.3	(447.2)	(175.2)
Shareholders' funds	8,237.9	7,839.0	398.9	5.1

Dividends received from investments of \$1,026.9 million have increased by \$417.4 million when compared with 2019.

Following the annual impairment review of investments, a further \$863.4 million was provided against the carrying value of investments which is partially offset against the dividend distribution. In 2019 an impairment of \$4,595.8 million was offset against \$4,565.9 million distributions received from investments that were part of a corporate restructure in respect of JLT Group Holdings Limited (formerly Jardine Lloyd Thompson Group Limited). The net amount written off investments of \$29.9 million was reported in the Statement of Comprehensive Income.

Interest receivable and similar income decreased by \$9.6 million. Bank interest decreased by \$5.6 million from \$5.8 million to \$0.2 million due to the decrease in the bank interest rate in March 2020. Interest received from group undertakings decreased from \$4.0 million to \$nil in 2020 due to the full repayment of loans in 2019.

Interest payable and similar charges increased by \$21.5 million from \$334.0 million in 2019 to \$355.5 million. 2020 included a full year interest charge in relation to a \$4.5 billion loan issued on 1 April 2019 to facilitate the JLT acquisition.

In December 2020, the Company issued 3,000 ordinary shares of \$1 each, at a premium of \$499.1 million.

Shareholders' funds increased by \$398.9 million to \$8,237.9 million as a result of the loss after tax for the year of \$100.2 million offset by shares issued at a premium of \$499.1 million.

**STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020**

SECTION 172 (1) OF THE COMPANIES ACT 2006 (THE "ACT") STATEMENT

The Company forms part of the Marsh & McLennan Companies, Inc. Group of Companies (the MMC Group), a global professional services provider, specialising in the areas of risk, strategy and people. It acts as a non-trading intermediate holding company and its activities are aligned to the strategy and risk management and control frameworks of the MMC Group.

The directors of the Company are committed to lead and direct the affairs of the Company in order to promote the long-term sustainable success of the Company, generating value for its shareholder and ensuring sound and prudent management of the firm.

The directors of the Company consider that, both individually and collectively, they have acted in a way, in good faith, that would most likely promote the success of the Company, for the benefit of its members (s. 172(1)), also having regard to the long-term consequences of any decisions taken (172(1)(a)). Distributions to the Company's shareholder are only considered after a full assessment of capital adequacy and the Company's ability to continue as a going concern into the foreseeable future to ensure investment in the future growth of the Company, balanced with stable and sustainable returns to the shareholder.

Sections 172(1)(b)-(e) do not apply to the Company in its capacity as a non-trading intermediate holding company for the MMC Group, as it does not have employees, clients or suppliers.

The Greater Good, which is the MMC Group's Code of Conduct, applies to all directors of the Company and it embodies the MMC Group's commitment to maintaining the highest ethical conduct and professional standards. These non-negotiable standards are outlined in the Greater Good, which emphasises the importance of building trust with colleagues, clients and the wider community.

STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

PRINCIPAL RISKS & UNCERTAINTIES

The principal risks and uncertainties facing the Company are those listed below:

Availability of IT systems

The Company has a number of Information Technology (IT) systems in order to carry out its day-to-day business. There is a risk that any of these systems as part of the overall IT infrastructure could fail, individually or collectively, with an adverse effect on the Company's operations. The Company is part of the group's global IT structure and there are business continuity plans in place.

Competitive risks

The nature of the current market combined with some very aggressive strategies from competitors puts significant pressure on the Company's operating investments to retain existing business. These businesses mitigate risk by continuing to enhance their value proposition to clients.

Credit risk

Credit risk is the risk that a counterparty will be unable to pay amounts in full when due. The main areas where the Company is exposed to credit risk are amounts due from other group companies in respect of inter-company loans and cash.

The Company mitigates its credit risk for cash by only depositing money in institutions with a sufficiently high credit rating. The credit rating required is that demanded by the Company's ultimate parent company. In addition, the Company has investment guidelines that restrict the amount of the investment portfolio that can be placed with a single institution.

The Company mitigates its credit risk in respect of inter-company loans by monitoring the debts created and ability to pay.

Currency risk

The Company is exposed to currency risk in respect of investment income (which includes dividends received) as well as assets and liabilities denominated in currencies other than the US dollar. The most significant currency to which the Company is exposed is the Great British Pound. The Company seeks to mitigate the risk as far as possible by matching the estimated foreign currency denominated liabilities with assets denominated in the same currency.

Impairment risk

The Company's principal assets are shares in subsidiary undertakings. There is a risk of loss if the valuations of these subsidiary undertakings were to be impaired for any reason. Factors that may indicate the need for such impairment include changes in financial performance, the loss of business or the loss of key staff.

Interest rate risk

The interest rate risk of the Company is managed by treasury staff, in line with guidelines issued by its ultimate parent company.

In managing interest rate and currency risks the Company aims to reduce the impact of short-term fluctuations on the Company's earnings. Over the longer term, however, permanent changes in interest rates would have an impact on earnings.

STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020

PRINCIPAL RISKS AND UNCERTAINTIES (CONTINUED)

Liquidity/cash flow risk

Liquidity and cash flow risk is the risk that cash may not be available to pay obligations when due. The Company maintains regular contact with its inter-company creditors to ensure that any obligations that fall due can be met from existing cash resources or from alternative sources of inter-company financing. The Company engages with central treasury and finance functions working for the MMC Group to monitor and control its cash flows and working capital requirements.

Outsourcing risk

The Company outsources a number of its services to third party organisations. The ability of the Company to perform efficiently is directly impacted by the services of the third party providers. Outsourcing contracts and providers are respectively reviewed against performance expectations and key performance indicators.

Pandemic risk

Coronavirus: (Covid-19) is an example of a pandemic continuing to spread through contagion, which could be around for a number of years and adaptations will have to be made to live with it. There has been a significant improvement in outlook due to vaccination programmes, although the timing of returning to a sense of normality is uncertain. There is an expectation that while the Global economy may take time to recover and the shape of recovery may be uncertain, it will ultimately recover. The pace of such recovery in different geographic and economic zones is likely to vary. The Group, of which the Company is a part of, has taken a considered approach to minimising and managing the impact of the pandemic and has well formulated contingency plans, which continues to evolve as changes to circumstances occur.

Political risk

The Company, and the Marsh McLennan Group, of which it is a part, is subject to local and international economic and political instability. This is managed through monitoring of the economic environment as part of the ongoing forecasting process. Management has noted that the United Kingdom (UK) formally left the European Union ('EU') on 31 January 2020 and the subsequent "transition phase" ended on 31 December 2020. During this period, trade negotiations between the UK and EU resulted in a trade agreement in late 2020. The key risks and impact to business and operations following the end of the transition period and the content of the trade agreement have been considered and steps taken to mitigate the key risks identified.

This report was approved by the board on 21 September 2021 and signed on its behalf.

C W Godwin
Director

MMC TREASURY HOLDINGS (UK) LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2020

The directors present their report and the financial statements for the year ended 31 December 2020.

The principal activities of MMC Treasury Holdings (UK) Limited ("the Company") are set out in the Strategic Report. The information that fulfils the Companies Act requirements of the business review is included in the Strategic Report on pages 1 to 4. This includes a review of the development of the business of the Company during the year and of likely future developments in its business. Details of the principal risks and uncertainties are also included in the Strategic Report.

RESULTS AND DIVIDENDS

The loss for the year, after taxation, amounted to \$100.2 million (2019: profit \$288.4 million).

The Company paid a dividend in the year of \$nil (2019 - \$456.7 million).

The directors do not recommend the payment of a final dividend (2019 - \$nil).

DIRECTORS

The directors who served during the year were:

J B Broad
K A Farrell (resigned 28 February 2021)
C W Godwin
I R Hadley

FUTURE DEVELOPMENTS

The activities of the Company are expected to continue along similar lines for the foreseeable future.

GOING CONCERN

The directors have no plans for a change in the principal activities of the Company or any intention to liquidate the Company in the foreseeable future. The directors acknowledge the Company's net current liability position of £3,720.6 million (2019: £4,298.8 million) and have evaluated funding options available to the Company. Following this evaluation they are satisfied that any obligations can be met. These financial statements are therefore presented on a going concern basis.

As the Company does not trade and acts as an intermediate holding company in the MMC Group, the directors do not consider that the ongoing Covid-19 pandemic has a material impact on their assessment of the Company as a going concern.

DISCLOSURE OF INFORMATION TO AUDITOR

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020**

GREENHOUSE GAS EMISSIONS, ENERGY CONSUMPTION AND ENERGY EFFICIENCY ACTION

The Company, as part of Marsh McLennan group of companies ("MMC") recognises its obligation to be good stewards of the environment and continues to look at ways to minimise its carbon footprint and impact on the environment. The Company's UK facilities are largely operated on a shared basis with other operating companies within the MMC group of companies.

On the 14 January 2021, the MMC announced a series of carbon commitments. Firstly, it has pledged to be carbon neutral in 2021 through the reduction of greenhouse gas emissions in its own operations and the purchase of verifiable offsets. Secondly, it has committed to reduce its carbon emissions by 15% below 2019 levels by the year 2025. The specifics of these commitments will be set out in greater detail in the MMC ESG Report issued on 31 March 2021 and can be found on: <https://www.mmc.com/about/esg.html>. The Company is working with MMC to ensure it actively contributes to achieving these commitments.

The Company operates from offices that are owned or leased, but which are managed centrally. The procurement of gas and electricity is the responsibility of the Company. In other sites these services are provided by the property owner. The data in the table below comprises actual consumption of gas and electricity for the sites where the Company procures these. For landlord managed sites, the electricity consumption has been estimated. The Company does not estimate the consumption of gas in landlord managed sites, as it is not always the case that a site is supplied with gas.

At the end of December 2020, MMC in the UK occupied 114 sites; data has been estimated for 69 of these. These sites make up 36% of the total area of space occupied by MMC in the UK. We continue to look for ways to improve the quality of the data being reported and intend to contact all landlords in 2021 to request they validate the Company's consumption of gas and electricity.

A number of initiatives have been undertaken to reduce the emissions of the Company. In October 2019 an MMC UK operating company entered into a contract for the supply of electricity into company-managed sites using 100% renewable, wind and solar energy. 98% of the Company's non-landlord managed offices are supplied through this contract. In 2019, 1,447 tonnes of carbon was avoided by using this arrangement. In 2020, this increased to 4,372 tonnes. The two landlord managed sites with the highest number of company staff located at them are also supplied with 100% renewable electricity.

A programme is in place to improve the quality of energy monitoring; this includes installing sub-meters that measure the consumption of electricity throughout the day, which is used to help improve the efficiency of buildings and the operation of the buildings' systems.

The Company has been working with facility providers to increase the use of electric vehicles by replacing a number of petrol powered vehicles being used with electric vehicles and surveying a number of sites with a view to installing EV charge points.

The Company has been part of an accreditation scheme operated by the Carbon Trust since 2017. In its report dated 9 February 2019, which covered the UK operations of Marsh, Mercer and Guy Carpenter, the Carbon Trust stated that the carbon management performance of the businesses was in the 75th percentile in its sector with a performance of 75% against the best performing organisation of 77% and in the 50th percentile against all certifications. A recertification with the Carbon Trust is currently underway.

The table below sets out the Company's emission information as required by The Companies (Directors' Report) and Limited Liability Partnerships (Energy and Carbon Report) Regulations 2018. Energy usage and emissions are analysed between Scope 1 (activities directly controlled by the entity), Scope 2 (indirect emissions from purchased electricity, heat, steam and cooling from sources not controlled by the Company) and Scope 3 (indirect emissions not classified as Scope 2 emissions).

MMC TREASURY HOLDINGS (UK) LIMITED

**DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 DECEMBER 2020**

**GREENHOUSE GAS EMISSIONS, ENERGY CONSUMPTION AND ENERGY EFFICIENCY ACTION
(continued)**

The Company is required to report on location and market bases. Location based metrics present the consumption of the Company's energy in kWh into equivalent carbon emissions. Market based metrics follow the same methodology of conversion to kWh but also accounts for Company's decision to purchase renewable energy, resulting in a lower emissions value.

The Company has chosen allocated headcount of its trading subsidiaries as its intensity metric, and is reporting consumption of 0.53 tonnes of CO₂ emissions per person on a location basis and 0.2 tonnes on a market basis for 2020.

Tonnes of CO ₂ emissions (TCO ₂ e)	UK 2020 (excluding offshore)	
Emissions from combustion of gas (Scope 1 – tonnes of CO ₂ e)		645
Emissions from combustion of fuel for transport purposes (Scope 1 – tonnes of CO ₂ e)		24
	Location based	Market based
Emissions from electricity purchased for own use, including for the purposes of transport (Scope 2 – tonnes of CO ₂ e)	5,832	1,771
Emissions from business travel in rental cars of employee-owned vehicles where company is responsible for purchasing the fuel (Scope 3 - tonnes of CO ₂ e)		-
Total gross TCO ₂ e based on above	6,501	2,440
	Electricity (kWh)	Gas (kWh)
Energy consumption used to calculate emissions - kwh	25,008,415	3,497,745
Total		28,506,160
Intensity measurement, TCO ₂ e per employee	0.53	0.2
Headcount (as at 31 December 2020)	12,212

POST BALANCE SHEET EVENTS

There have been no significant events affecting the Company since the year end.

AUDITOR

The auditor, Deloitte LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board on 21 September 2021 and signed on its behalf.

Director

MMC TREASURY HOLDINGS (UK) LIMITED

**DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 31 DECEMBER 2020**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MMC TREASURY HOLDINGS (UK)
LIMITED

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of MMC Treasury Holdings (UK) Limited (the 'Company'):

- give a true and fair view of the state of the Company's affairs as at 31 December 2020 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the statement of comprehensive income;
- the statement of financial position;
- the statement of changes in equity;
- the related notes 1 to 22; and
- appendix 1.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

MMC TREASURY HOLDINGS (UK) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MMC TREASURY HOLDINGS (UK) LIMITED (CONTINUED)

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the Company's industry and its control environment, and reviewed the Company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management and internal audit about their own identification and assessment of the risks of irregularities.

MMC TREASURY HOLDINGS (UK) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MMC TREASURY HOLDINGS (UK) LIMITED (CONTINUED)

We obtained an understanding of the legal and regulatory framework that the Company operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included UK Companies Act and tax legislations; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the Company's ability to operate or to avoid a material penalty.

We discussed among the audit engagement team including relevant internal specialists such as tax specialists regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management, internal audit and in-house legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance and reviewing internal audit reports.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

MMC TREASURY HOLDINGS (UK) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MMC TREASURY HOLDINGS (UK)
LIMITED (CONTINUED)

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

1. GENERAL INFORMATION

MMC Treasury Holdings (UK) Limited is a company incorporated in the United Kingdom under the Companies Act and is registered in England and Wales. The address of the registered office is given on the Company Information page. MMC Treasury Holdings (UK) Limited is a private company limited by shares. The nature of the Company's operations and its principal activities are set out in the Strategic Report on pages 1 to 4.

2. ACCOUNTING POLICIES

2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

2.2 FINANCIAL REPORTING STANDARD 102 - REDUCED DISCLOSURE EXEMPTIONS

The Company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 26 Share-based Payment paragraphs 26.18(b), 26.19 to 26.21 and 26.23;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Marsh & McLennan Companies, Inc as at 31 December 2020 and these financial statements may be obtained from Companies House, Crown Way, Cardiff, CF14 3UZ.

Shareholders have been notified in writing and do not object to the disclosure exemptions.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

2. ACCOUNTING POLICIES (CONTINUED)

2.3 GOING CONCERN

These financial statements have been prepared on a going concern basis under the historical cost convention and in accordance with the Companies Act 2006.

The Company meets its day-to-day working capital requirements from corporate cash balances. The current economic conditions create uncertainty particularly over the exchange rate between US dollar and foreign currencies. The Company continues to monitor the uncertainty in the current economic and business environment including the impact of the Covid-19 pandemic. The Directors considered it was appropriate for the Company to perform additional procedures and analysis, specific to Covid-19, to consider whether these events and uncertainties cast significant doubt upon the Company's ability to continue as a going concern. This monitoring and analysis considered our business resilience and continuity plans of the Company's subsidiaries and stress testing of liquidity and financial resources. The analysis modelled the financial impact assuming an increasing severity of impact in relation to revenue and certain costs, for a 12-month period so that the potential impact on profitability and liquidity could be assessed.

Having assessed the responses to their enquiries, including those related to COVID-19, and considered the available funding options for the Company's net current liability position of £3,720.6 million (2019: £4,298.8 million) the Directors have no reason to believe that a material uncertainty exists that may cast significant doubt upon the ability of the Company to continue as a going concern.

The directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for a period of twelve months from the date of the approval of the financial statements and, therefore, they continue to adopt the going concern basis in preparing the annual financial statements.

2.4 FOREIGN EXCHANGE

Functional and presentation currency

The Company's functional and presentational currency is USD.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss except when deferred in other comprehensive income as qualifying cash flow hedges.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Statement of Comprehensive Income within 'finance income or costs'. All other foreign exchange gains and losses are presented in profit or loss within 'other operating income'.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

2. ACCOUNTING POLICIES (CONTINUED)

2.5 DIVIDEND INCOME

Represents dividends received from subsidiaries.

2.6 INTEREST INCOME

Interest income is recognised in the Statement of Comprehensive Income using the effective interest method.

2.7 FINANCE COSTS

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.8 TAXATION

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

2.9 VALUATION OF INVESTMENTS

Investments in subsidiaries are measured at cost less accumulated impairment.

Impairment and impairment reversals are measured by comparing the carrying value of the asset with its future discounted cash flow. Any impairments that have subsequently been reversed are capped to their historical acquisition cost.

2.10 DEBTORS

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

2. ACCOUNTING POLICIES (CONTINUED)

2.11 IMPAIRMENT

Assets, other than those measured at fair value, are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in the statement of income as described below.

i. Financial assets

For the Company's assets carried at amortised cost, the amount of an impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For the Company's assets carried at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that would be received for the asset if it were to be sold at the reporting date.

Where indicators exist for a decrease in impairment loss, and the decrease can be related objectively to an event occurring after the impairment was recognised, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired financial asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

ii. Non-financial assets

At each statement of financial position date, the Company reviews the carrying amounts of its tangible and intangible assets acquired separately to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. An intangible asset with an indefinite useful life is tested for impairment at least annually and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and the value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

2.11 IMPAIRMENT (CONTINUED)

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of income, unless the relevant asset is carried at a re-valued amount, in which case the impairment loss is treated as a revaluation decrease. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in statement of income, unless the relevant asset is carried at a re-valued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

2. ACCOUNTING POLICIES (CONTINUED)

2.12 CASH AND CASH EQUIVALENTS

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.13 CREDITORS

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.14 FINANCIAL INSTRUMENTS

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Investments in non-derivative instruments that are equity to the issuer are measured:

- at fair value with changes recognised in the Statement of Comprehensive Income if the shares are publicly traded or their fair value can otherwise be measured reliably;
- at cost less impairment for all other investments.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

2. ACCOUNTING POLICIES (CONTINUED)

2.14 FINANCIAL INSTRUMENTS (CONTINUED)

Position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.15 DIVIDENDS

Dividends are the way that the Company makes distributions from the Company's profits to its shareholder. The dividend is determined in US dollars, the economic currency of the Company. The Directors may choose to declare dividends in any currency provided that a US dollar equivalent is announced.

The Board decides the level of dividend in consultation with and consideration of various stakeholders, including the management and delegation advisers of the Company's ultimate parent company, Marsh & McLennan Companies, Inc. The amount and timing of a dividend may be changed at any time, and influenced by factors such as:

- the Company's working capital requirements to sustain its business plans,
- the Company's future capital investment needs, and
- the Company's excess financial resources.

Interim dividends on Ordinary Shares are recognised in equity in the period in which they are paid. Final dividends on Ordinary Shares are recognised when they have been approved by the shareholders.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

3. JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Company's accounting policies, which are described above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the Company's accounting policies

The following is the critical judgement that the directors have made in the process of applying the Company's accounting policies and that has the most significant effect on the amounts recognised in the financial statements.

Impairment review of fixed assets investments

The Company has an annual process of reviewing its fixed asset investments for indicators of impairment. Areas of critical judgement include estimates of future discount rates, future earnings and consideration of whether there is a willing buyer in the market for these investments.

Impairment and impairment reversals are measured by comparing the carrying value of the asset with its future discounted cash flow. Any impairments that have subsequently been reversed are capped to their historical acquisition cost.

Key sources of estimation uncertainty

Management have considered key sources of estimation uncertainty. There are no key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

MMC TREASURY HOLDINGS (UK) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS

	1,026.9	<i>609.5</i>

5. INFORMATION REGARDING DIRECTORS, EMPLOYEES AND AUDIT FEES

No remuneration was paid or is payable to the directors of MMC Treasury Holdings (UK) Limited in respect of their services to the Company during the period. The directors are remunerated for their services to other companies in the MMC Group and their remuneration is dealt with in the financial statements of those companies. The Company had no other employees during the period.

Where the Company's directors are in receipt of share-based payments and awards as part of their overall remuneration, these are disclosed in the financial statements of Marsh Services Limited, the group's principal employing company.

The audit fee and annual filing fees were borne by a fellow subsidiary undertaking during the year. The audit fee attributable to the Company is \$13,000 (2019: \$10,000). No other services were provided to the Company by the Company's auditor in the year.

6. AMOUNTS WRITTEN OFF INVESTMENTS

In 2020, there was an amount written off investments of \$863.4 million. In the prior year, the impairment charge of \$4,595.8 million was offset against \$4,565.9 million distributions received as part of the corporate restructure. The offset resulted in the net amount written off investment of \$29.9 million reported in the Statement of Comprehensive Income.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

9. TAX ON (LOSS)/PROFIT (CONTINUED)

FACTORS AFFECTING TAX CREDIT FOR THE YEAR

The tax assessed for the year is lower than (2019 - lower than) the standard rate of corporation tax in the UK of 19% (2019 - 19%). The differences are explained below:

	2020	<i>2019</i>
	\$m	<i>\$m</i>
(Loss)/profit before tax	(191.9)	255.3
(Loss)/profit multiplied by standard rate of corporation tax in the UK of 19% (2019 - 19%)	(36.5)	48.5
EFFECTS OF:		
Non-tax deductible impairment	164.0	5.7
Adjustments to tax charge in respect of prior periods	1.3	(4.6)
Other differences leading to a (decrease)/increase in the tax charge	(0.1)	2.1
Non-taxable income	(6.1)	(26.5)
Dividends from UK companies	(189.0)	(89.3)
Foreign tax	-	6.2
Deferred tax not recognised	(25.3)	24.8
TOTAL TAX CHARGE/(CREDIT) FOR THE YEAR	(91.7)	(33.1)

FACTORS THAT MAY AFFECT FUTURE TAX CHARGES

Following the Budget announcement on 3 March 2021 the UK Corporation Tax rate will be increased to 25% from 1 April 2023.

A deferred tax asset of \$13.5 million (2019 - \$32.9 million) representing interest expense restricted under the rules from 1 April 2017 has not been recognised due to the uncertainty of when the asset will be realised.

10. DIVIDENDS

	\$m	<i>\$m</i>
Allotted, called up and fully paid		
8,001 (2019 - 5,001) Ordinary shares of \$1.00 each	-	-

The share capital of the Company consists of fully paid ordinary shares with a par value of \$1 per share. All shares are equally eligible to receive dividends and the repayment of capital and represent one vote at shareholders' meetings of the Company.

In December 2020, the Company issued 3,000 ordinary shares of \$1 each, at a premium of \$499.1 million.

17. RESERVES

Share premium account

The share premium account represents the additional consideration received for the issue of shares.

Profit and loss account

The profit and loss account represents cumulative profit and losses and other adjustments.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020

18. CONTINGENT LIABILITIES

1. The Company participates in cash pooling agreements with banks. Each member of the pool indemnifies against all losses incurred as a result of the failure of any other pool member, limited to any net cash balance held in the pool. As at 31 December 2020 the Company had a total balance of \$546.3 million (2019: \$104.0 million) in the pool. The other members of the pooling arrangements are companies fully owned by Marsh & McLennan Companies, Inc.

2. As disclosed in Notes 14 and 15 of the financial statements the Company has loans from related parties. The interest expense in relation to these loans is included in the Company's tax returns that are currently being examined by the UK tax authority. Tax returns contain matters that could be subject to differing interpretations of applicable tax laws and regulations including the tax deductibility of interest on intercompany financing. The resolution of tax positions through discussions with relevant tax authorities, or through litigation, can take several years to complete and the amount could be significant and could be material to the Company's financial position. While it is difficult to predict the ultimate outcome in some cases, the Company does not expect there to be any material impact on the Company's financial position.

19. GROUP FINANCIAL STATEMENTS

Group financial statements are not prepared in line with s401 of the Companies Act 2006 as the Company is itself a wholly-owned subsidiary and is included in the consolidated financial statements of Marsh & McLennan Companies, Inc., its ultimate parent company. Accordingly, these financial statements present information about the Company as an individual undertaking and not about its group.

20. RELATED PARTY TRANSACTIONS

Advantage has been taken of the exemption under FRS 102 Section 33.1A not to disclose transactions between entities within the Marsh Group, where no less than 100% of voting rights are controlled within the MMC Group, whose consolidated financial statements are publicly available. There are no other transactions requiring disclosure.

21. POST BALANCE SHEET EVENTS

There have been no significant events affecting the Company since the year end.

MMC TREASURY HOLDINGS (UK) LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

22. CONTROLLING PARTY

The Company's immediate parent company is Marsh & McLennan Companies Finance Center (Luxembourg) S.a.r.l., registered in Luxembourg. The Company's ultimate parent company and controlling entity is Marsh & McLennan Companies, Inc., incorporated in the state of Delaware, USA.

The smallest and largest group in which the results of MMC Treasury Holdings (UK) Limited are consolidated is that headed by Marsh & McLennan Companies, Inc. The consolidated financial statements of Marsh & McLennan Companies, Inc. are available to the public and may be obtained from:
