## Schools' Personal Accident Insurance including Dental Accident Cover as Standard

Sadly, accidents which can happen to anyone at anytime can sometimes result in life changing injuries. The financial burden of coping in the event of a permanent disability can be extremely challenging and personal accident insurance may go some way in lifting this burden.

This personal accident insurance scheme — which includes dental accident cover as standard — provides the sum of up to £1 million to be paid in the event of an accident that results in permanent disability to an insured pupil or member of staff. The benefit is paid irrespective of any additional compensation that may be paid by an involved third party.

### What's new

For the coming academic year a number of policy enhancements and additional covers have been included, even though the premiums continue to remain unchanged.

- Crisis management cover up to £75,000 for crisis consultant fees and costs, following a claim under the policy, which has potential to

cause the school adverse publicity or financial loss.

- Recruitment expenses following the suicide of a staff member.
- Chauffeur or taxi benefit to assist in travel to the school following an accident.
- The school or insured person can call *Chubb Assistance* for a range of assistance, counselling, advice and information services including debt, addiction, and bereavement counselling.
- Trauma counselling up to £2,000.
- Broken bones benefit up to £5,000 paid regardless of permanent disablement.
- Funeral expenses up to £10,000 in the event of accidental death.
- Injury medical expenses up to £30,000.

## Insuring school staff

Personal accident insurance is an employee benefit that is often highly valued by a school's staff — this policy provides an independent school with the option to include all school staff or teaching staff only under the cover.

## How this policy operates

All pupils are covered under the policy, and the school incorporates the premium within its fee structure.

## Claims

All claims must be notified by the completion of the appropriate claim form, which is available on request from Marsh.

In the event of a dental emergency or injury claim, the dentist will be required to complete a claim form.

## Administration of the scheme

Marsh will supply the school with documents for distribution to parents outlining the main policy benefits.

Chartered

**Termly declaration basis** — Prior to the start of the first term in which cover commences, the school advises Marsh of the number of pupils in the school — we do not require a list of names. The school is then invoiced accordingly. Thereafter, a declaration is to be completed and an invoice issued to the school each term.

**Annual declaration basis** — Prior to the start of the first term in which cover commences, the school advises Marsh of the number of pupils in the school. The school is then invoiced accordingly.

Should a pupil join or leave the school mid-year, they are automatically included or removed from the day they start or leave the school. The school will receive an annual certificate of insurance.
