

SECURE YOUR CARGO

Whether you sell, buy, or transfer goods; whether you transport small or large objects, and whether you do it every day or once a year – you want to know your cargo arrives safely, in one piece, as promised.

MARSH'S CARGO SOLUTION

Marsh has developed a cargo insurance solution that covers your goods throughout their journey – door to door, worldwide.

It provides comprehensive, market-leading protection that allows you to recover quickly if something goes wrong.

ALL RISKS COVER

Marsh's solution covers you for single or multiple shipments of goods within a 12 month period, where the value of the goods is a maximum of US\$10,000,000 in any one shipment.

It protects against physical loss or damage to your cargo while in transit.

The solution is provided by reputable, reliable and experienced insurers, familiar with the local market, laws, and regulations.

Streamlined administration means your premium can be quoted, and your insurance can be in place, quickly. Claims are processed and settled promptly.

WHO DOES IT COVER?

Any organization that transports goods – whether as a sender or as a receiver.

This includes the movement of goods between:

- Manufacturers, wholesalers, retailers, and traders.
- Any of the above suppliers and their customers.
- Related companies.
- Different departments within the same company.

ADDITIONAL FEATURES

Marsh's solution provides the following features which are not normally available in standard cargo insurance:

- Contingent coverage whether you are the buyer or seller, and regardless of the method of sale or purchase.
- Concealed damage cover.
- Brand and label protection.
- Protection against insufficient packing.
- Missing goods cover.
