### Did you know?

The *Privacy Amendment (Notifiable Data Breaches) Act 2017* made its way through both houses of Parliament with bipartisan support and received Royal Assent on 22 February 2017. This will mean that, from 23 February 2018 (or earlier if a date is fixed by proclamation), the *Privacy Act 1988 (Cth)* will include a mandatory data breach notification scheme.

"Healthcare organisations will be the most targeted sector with new, sophisticated attacks emerging."
