Your application has been referred

Thank you for your Contract Works submission that does not fit within the Ministry's agreed annual policy. The contract has been referred to both the Ministry and Marsh for resolution and either party will be in touch to progress your application.

However, pending resolution, we can confirm that at least 30 days insurance cover will be provided from the date of commencement of the contract works.

Should you require any further information please contact the Ministry's insurance broker, Marsh, on 04 819 2400.

Request Reference: MOECWF2335E.

The only reason for the request not being accepted will be that the construction period is >24 months and/or the Contract Price is >\$20 million.

Where this is the case you will be asked to provide additional information to allow the insurers to confirm acceptance. In general the information required for acceptance will be:

- A copy of the contract (just Schedules 1 and 2);
- Representative drawings and elevations (not the whole 9 yards please);
- Site Plan;
- A breakdown of the contract price into the separable portions, if applicable, (approximate is OK if not formally separated);
- Scope of works summary;
- Programme;
- Interpretive geotech report (just the words please not bore logs).
